

Knowing Your Adversary [10.06.13] Pastor Will Groben / Church of the Open Bible

“Satan” means “_____.” The Bible says he is real, with power on the Earth, control of the fallen angels, and sway over mankind.

Identity: Satan is a supernatural being – a powerful and capable cherub – who became proud because of how God had made him and then sinned against God [Ezekiel 28:12b-17a]. He is deceitful, capable of appearing as an angel of _____ [2 Corinthians 11:14].

Goals: Satan desires God’s glory, power, and authority for himself [Isaiah 14:13-14].

Methods: Satan tries to deceive us about God and his Word, especially denying Christ’s divinity and work on the cross, leading us to follow Satan in living for and exalting _____, instead of God.

Types of Deception:

I. Temptation

- A. negative emotions
- B. lustful desires [many kinds]
- C. distractions [stresses/worries or good things]

II. Confusion about the truth

- A. false gospels / false righteousness
- B. lies about God’s Word
- C. accusations [negative thoughts]

Resistance:

1. We are to _____ the devil and he will flee [1 Peter 5:8; James 4:7]. We must resist anger and other negative emotions, lustful temptation, distraction from our purposes, accusation [taking every thought captive!], and evil in the world.

2. We must _____ on God in this process [1 Peter 5:8; James 4:7].
